Judge For Yourself

Which is Better—Try an Experiment or Profit by a Norway Citizen's Experience.

Something new is an experiment. Must be proved to be as represented. The statement of a manufacturer is not convincing proof of merit.

But the endorsement of friends is. Now supposing you had a bad back, A lame, weak, or aching one, Would you experiment on it? You will read of many so-called cures. Endorsed by strangers from faraway places.

It is different when the endorsement comes from home. Easy to prove local testimony. Read this Norway case:

E. C. Libby, Sanborn St., says: "I had backache a great deal and it annoyed me to do anything. My head ached frequently, too. I also noticed little specks before my eyes and my sight blurred. I used various medicines, but it was left for Doan's Kidney Pills to give me lasting results. Since using them, I have had no return of the complaint and I have great confidence in Doan's."

Catarrrhal Deafness Cannot Be Cured by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure it, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running ear, or imperfect hearing, and when it is entirely closed, Deafness results. It is less the inflammation that is the result. Untreated, it will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflammation of the mucous surfaces. Hall's Catarrh Medicine cures the blood on the mucous surfaces of the system. We will give you One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. DAIRY COW NATURALLY CLEAN

Daily Baths Mean Sanitary Milk and More of It

Sightliness and attractiveness are feminine assets which extend even to the dairy cow. Naturally she is a clean and tidy beast. Unfortunately man has been obliged to confine the dairy cow closely in stables during certain periods of the year, with the consequence that unless he daily brushes and grooms the dairy matrons, their sleek, seemly coats soon lose their gloss and luster and become densely matted with dirt and litter. For the same reasons that it pays to groom horses—greater efficiency from neat, spick-span coats—it also proves invaluable to "dolly up" the dairy cow daily by vigorous application of brush and curry comb. Cow comfort—that inexpressible condition of well-being which means animal satisfaction and the economical production of the maximum flow of milk—is fostered by careful and persistent grooming during the season when the cows need such extra attention, as ordinarily during the pasture period the animals of their own accord keep themselves clean.

The enthusiastic use of the brush and currycomb, supplemented by a moist cloth, as siege guns against dust and dirt, are good mediums for increased production, according to the opinions of progressive dairymen. They maintain that clean coats and luxurious feelings of contentment induce increased production of milk. If you doubt the profits from grooming dairy cows, put it up to Bosie and her stable mates via the referendum vote method.

From sanitary standpoint, the densely-matted, filthy and caked coat of the dirty cow is one of the main sources of contamination in milk. Filth dries on the body of the animal, and unless it is removed previous to milking, a portion of it is likely to fall into the milk pail and carry undesirable bacteria with it. Hence, grooming cows is a fundamental safeguard against inferior, germ-laden milk. Where cows are groomed daily during their period of close confinement an attendant requires only about two or three minutes a cow to prepare and gloss up the animal as though for a banquet. On the other hand, it is difficult and time-consuming to clean off cows which have been kept without grooming in a dairy stable.

The commendable practice is to groom and clean the cow daily at such a time between the milking periods that there will be abundant opportunity for the dust put into circulation to settle so that it will not contaminate the milk as it is drawn from the cow. It is necessary for best results to wipe off the udder and flanks of each cow with moist clean cloth just before milking, in order to remove all the surface dust and dirt which has escaped the previous clean-up processes. It is recommended that dairymen exercise special care to provide plenty of material so that at all times they may use clean cloths in preparing the cows for milking, as too commonly the wiping cloth, unless carefully handled, becomes a source of contamination. It is also advisable to clip off the long hairs from the udder and flanks of each cow, as ordinarily they provide ideal places for the accumulation of dirt and filth.

Extensive experiments conducted by the United States Department of Agriculture at the Government farm, Beltsville, Md., show that milk drawn into a sterile pail from dirty cows contained an average of 32,677 bacteria per cubic centimeter while milk drawn from clean cows whose udders and teats were washed immediately previous to milking contained only 4,947 germs per cubic centimeter. These tests were made immediately after milking. Naturally, on standing, the milk with the greatest number of bacteria would deteriorate most rapidly, due to the multiplication of the germs. Accordingly, its value as a human food product would be greatly reduced, while its introduction on the city market would be carefully scrutinized and, in some cases, punished by the health authorities.

Pride should cause every dairymen to maintain his cows in an attractive, cleanly, and sanitary condition every day in the year. In a way the appearance of the cow is an accurate measure of the owner. In the same degree that neglected fences, overrun fence rows, tumble-down buildings, and unhusked machinery typify the shiftless, ne'er-do-well farmer, dairy cows which are dirty indicate the milk farmer who does not safe guard consumers against contaminated milk.

FOOD AND FRILLS

We are told that there are not enough people engaged in the copious production of essentials, and that this partly accounts for high prices.

We got around the difficulty during the war by forbidding the production of nonessentials. If this were done now it would throw a number of people out of work, but they would soon turn to the production of essentials, and supply the shortage.

Unfortunately, there are many of us who demand the nonessentials, and are thus responsible for the shortage of essentials. The richest man can consume only a small quantity of food, and wear only a few clothes. But he can soak a fortune in jewelry and automobiles, and it is the wages spent in producing commodities that creates the profiteer and sends prices up. It takes the labor of a lot of men to make one automobile. Cut out the luxuries to a reasonable extent. We must choose between jewels and Johnny-cake, between pearls and pie.

The "Autometric" Carburetor

Made by The Yale & Towne Mfg. Co.
STAMFORD CONNECTICUT

A Carburetor that makes good its promise of economy

AIR is cheap. The more of it you use in operating your automobile, the greater will be your economy in running expense.

The Autometric Carburetor will give you:

- 4 to 20% more mileage from your gasoline at low speed.
- 10 to 30% more mileage from your gasoline at low intermediate speed. (The speed you drive 95% of the time.)
- 10 to 20% more mileage from your gasoline at high speed.
- 10 to 25% more mileage from your gasoline at maximum.

Because it automatically feeds the correct mixture of gasoline and air for all speeds for any car.

The usual carburetor is subject to correct adjustment at but one speed. This is set for best results at intermediate or touring speeds. The result is either too lean or too rich a mixture at low and high speeds.

As the Autometric Carburetor provides the correct mixture for all speeds, no more fuel is burned than is actually necessary at whatever speed you are traveling.

That's one of the reasons why the Autometric Carburetor is a product worthy of bearing the trade-mark "Yale."

Step in and we'll arrange to have your own garage man put an Autometric on your car on approval. Then you can prove its economies over any other carburetor.

HARRISON

Mrs. Hattie E. Harmon. The people of Harrison were saddened on Wednesday by the death of their former townswoman, Mrs. Hattie E. Harmon, who passed away at Gray's Hospital in Waterville, age 68 years, when she had been very ill for several weeks with intestinal troubles.

She was formerly Hattie Wentworth of Naples and married Charles W. Harmon and lived for many years in this village. Mr. Harmon passed away over 20 years ago.

About ten years ago Mrs. Harmon moved to Waterville and had been an active and capable nurse there for many years. She had recently purchased a nice home there where she resided with her daughter.

Mrs. Harmon was loved and respected by all who knew her and leaves many besides her family both at Waterville and Harrison, to mourn their loss. She was especially fond of her home and her children and utterly devoted to them always.

Besides several grandchildren, she leaves one son and three daughters, Benjamin W. of Harrison, Mrs. Harry Peterson of Corvallis, N. Y., Mrs. George Kent of Woodland, and Mrs. George Verrill of Waterville, also one sister, Mrs. George Crockett of Westbrook and two brothers, Stillman and Charles Wentworth, both of Naples.

Funeral services were held at her late home in Waterville attended by Rev. Mr. Knickerbocker.

The body was brought to Harrison and a brief service was held at the Baptist church Saturday afternoon at 1:30, Rev. J. B. Coy officiating.

Mrs. Harmon was a charter member of Woodland Rebekah Lodge which attended the funeral. She was also a prominent member of the Pythian Sisters at Waterville.

Interment was in the family lot at Harrison Cemetery and the flowers were many and very beautiful. The bearers were C. D. Farbox, F. P. Freeman, M. H. Pitts and J. T. Kneeland.

Josephine P. Ricker is visiting friends in Brunswick for a short time. Mrs. H. E. Horton of Portland is stopping with her parents, Mr. and Mrs. Alvin Ricker on Elm street.

Mr. and Mrs. W. B. Spiller have moved into their cozy rent on Main street.

Allen Sylvester is home from Brunswick for a few days.

Mrs. Ida Webb is working at F. P. Freeman's on Hillside Avenue.

Mr. and Mrs. Charles Crosby of Bethel were recent guests of Mr. and Mrs. C. D. Farbox on Main street.

Frances Thompson has returned to her school at Portland. Her mother, Mrs. Charles Doughty, will be in town a week longer.

Mrs. W. C. Guilford, who has successfully conducted Crystal Lake Inn this summer, started Friday for New Brunswick where she will visit her mother and sisters. Later she will join Mr. Guilford in California.

Mrs. Wilbur has moved to Mrs. Maria Ricker's rooms on Main street.

Mrs. C. D. Farbox with Celia and Edward spent the week end in Waterville. Abbott-Norton Co. of Bridgton have opened their shoe store in the Bailey Block and are doing a rushing business.

Mr. Norton has been in charge for a few days, but Mrs. Ernest Ward and Marion Burnham are the clerks.

A Harvest Ball was held at grange hall Monday evening, the B. A. A. orchestra furnished music.

Arthur Smith is moving his family from the Cole rent on School street to the Kimball staid on Depot street which he recently purchased.

Mrs. Walter Dudley has returned from a pleasant visit with her brother at Peak's Island.

Mr. and Mrs. Seth Jewett are stopping in their new cottage at the Tarbox stable which he has bought. Mr. Jewett is building on an addition to the stable and plans to live there.

Ruth Nason is working for Mrs. Clinton Stuart who has been ill.

Frank Ricker has been spending several days in Portland.

Charles McCarthy of Newton, Mass., has been the guest of his sister, Mrs. Alexis Faye, at Elms Inn and Sara Faye of Boston has been visiting her brother, Mr. Faye.

Stanley Edes who has been office boy at Elms Inn has returned to his home at Edes Falls.

Mrs. Lillian Billings of South Waterville is stopping with her sister, Mrs. Nell Sawyer on School street for the winter.

Beth Chabourne, second North Bridgton, of the primary school, is boarding with Mrs. Sawyer.

Miss Jones of South Portland and Miss Swift of Waterville, teachers of the intermediate and grammar schools are boarding at Elms Inn.

Marguerite and Arnold Merrill, who have worked at Rangeley all summer, are at their home on Main street.

Girls' Club Exhibition. Some very fine samples of canned goods were shown at the demonstration of the Girls' Canning Club on Thursday afternoon at I. O. O. F. Hall. Delicious fruit, berries and vegetables were well represented and highly praised by the judges and visitors.

Ruth Caney and Mr. Mitchell of Portland were the judges and awarded the prizes which consisted of \$4, \$3, and \$2.50 in money, to Christine Dotts, last prize, Mona Greene, second, Ruth Pitts, 3rd. The young people were urged to continue the work and exhibit at the County Exhibition in Portland.

GILBERTVILLE

Mrs. Fred Hutchinson and Mrs. E. M. Bartlett are working in the corn shop.

Chas. Hodge, who has been with the A. B. F. in France and Germany the past year, has returned home.

Chas. Small is working in Portland. Carl Small was in Rumford, Saturday.

Mrs. Leslie Roberts and Mrs. Chas. Small and Carl Roberts were in Lewiston last week attending State Fair.

Mrs. Albert Ellis, who has been ill with Bronchitis is better.

Mrs. Annie Parsons of Lewiston was a week-end guest of Mrs. G. Albert Ellis and family and accompanied them on a motor trip to Farmington and North Cheshire.

An Appeal to Reason

The Committee appeals to the Legislature to pass the law, and has sent the following letter to the Senate and House. If you believe in the right of the people to have the chance to vote at the polls, you will support this measure.

Augusta, Maine, September 26, 1919.

I have been asked to give your opinion on the measure at the coming session. Shall we support it?

The measure cannot be considered while the bill is in the hands of the Judiciary.

It is a question of a moment's delay, but it is a question of the right of the people to have the chance to vote at the polls.

It is a question of the exercise of their prerogative as citizens of this State.

It is a question of the effect of which will be the result of the exercise of the right of the people to have the chance to vote at the polls.

OBJECTIONAL THINGS AT COUNTY FAIR

Allow me to express myself in regard to our County Fair.

Our officials have it in their power to shut out such things as were on the grounds this year. These show the "men only" are indecent and demoralizing to say the least. Our fair is the event of the season where the young family wish to attend.

Do we want our young men and boys to go to such places as our fair was this year?

Nearly every tent down the midway was for men only and the largest one on the grounds was the Walla Walla Harem. Does this speak well for Oxford County Fair? Unless this state of affairs is suppressed soon, no self-respecting person will care to attend.

A Mother of a Son.

MOOSEHEAD LAKE NOTES

Sugar Island, Sept. 22, 1919.

Got here on the 18th. Left Norway the 16th under cloudy skies but firm on the belief that Larry Carroll had fixed the weather all right for his great agricultural show at Lewiston. He wouldn't forget that little detail. It happened I made no mistake. The rain did not come until midnight and I was safely housed at the Elmwood in Waterville.

I made nine calls during the day and sold Economy Handles at each stop. Wasn't turned down once. Think of it! Great record! Sales run from one to six dozen and total receipts were \$5.70.

At the Elmwood I occupied room 422 four stories up with fire escape only a few feet from the head of the lake. Walter had a room on the second floor. From my windows you could look into the railroad yard and see engines and moving trains. It was interesting especially in the night to know there was so much railroad activity in the world.

The city clock failed to strike but the engine bells and shunting cars were in evidence all night which added greatly to my entertainment.

I rather the expense account of "living off the country" for the first day and it was \$10.95 with cash receipts of \$5.70: gasoline and fixed charges are not considered, the cost is reasonable when you consider there are three in the party and one a woman.

Ten good tin cans were got out of the kitchen dump at the hotel. I fixed up a can with a handle and gave it to the boss cook, who was dressed all in white including a cap. He was pleased and requested that I should sell a dozen to the manager as he wanted them to use in the kitchen.

Mr. Fuller is a job printer in Waterville and has a monotype and a Linotype and was raised in Buckfield. His father was at work in the office. They print a number of magazines and papers including "Zions Herald" and "The Farmer".

A tinsmith at Fairfield fixed the cans I got at the Elmwood for ten cents. Hence at a cost of a penny each and with handle attached will readily sell for 15 or 20 cents each. Such tippers at the store cost from a quarter to 35 cents. Why Mr. Fuller would economize people throw away tin cans and buy tin ware? Because it has been the custom but the Economy Handle changes this and those so inclined can attach handles and make serviceable cast-iron tin cans. It is a great saver of tin ware and a good deal of money. In two days I showed them to 22 prospective customers and took orders from nineteen.

L. A. Davis of Benton to whom I sold handles tells me that Tom Smiley of Portland and Norway at home, home farm in that town and is steadily gaining. He has been there since early spring. "It is a case of over-work and shattered nerves, the same as I once had," said Mr. Davis. "He is coming all right." I am pleased to hear this as I will be his many friends among our readers.

Geo. Huff of Dexter owns and operates three papers. Poor fellow he is to be pitied. He can't go fishing and sell "can handles" and indulge in writing beautiful personal experiences that no one cares to read. He has got to attend to business all the time as he has three foremen to pay each week and listen to the woe of three communities. Pittsburg, Deer and Guilford. All good towns containing the usual number of enterprising citizens, who can tell how a successful newspaper should be run. Poor fellow I pity him. I fear his ambition, he outstripped his judgment but no doubt in the next week will be way up. He certainly ought to be.

I peeked round in his home office a bit and found he had a wonderful collection of printing material together with C. L. Nutter as foreman, a girl line-operator, a good and boy and an outside elevator. The Dexter Gazette office is in the second or third story of a wooden building all on one floor a few rods out on Cat Alley from Main street. Winding stairs lead to it unless you choose to take the elevator. A century's growth of printing appliances are here exposed to view. I added to it a tin-can and handle. Mr. Huff was absent.

Dexter is known to me only as the field of operation of Stain and Cromwell, Bank Treasurer, Barrow, Dr. Fitzgerald and Holman, Dr. Ray and Scott, lathes, and machinists' don't count. The Dana Crockett Co., J. L. Packard manager have the Economy Handle for sale. What more is needed to make the community prosperous and the children happy.

At Dover we stopped at the Blethen House as usual. Here they are long on everything except the matches. The old appliances described by us in former writings, has gone to the discard and in its place is an iron box worked with a break from whence will pop a single match lucifer and down. You pull it out and it lights and there you are! No one will fill pockets with match stubs! In economy it even out does my Economy Can Handles.

Bro Evans neglected to be in his office in the Observer building at 8 o'clock so I didn't see him. May be he saw me before I got there and kept in the background. I left a can wearing a handle and the new one of the two we have them for sale in that vicinity. Do you suppose he will catch on and give me a five dollar local for a five cent article? Possibly.

I fell in with a stranger, an elderly man on my way to Foxcroft and was told that South street was no place for the postoffice. I was pointed out the place where he said the new postoffice should have been. He also said six hundred dollars was given the owner of the saw mill when the new bridge was built and his business was not damaged at it; he had been into the "Lake Country" and that there was a new road around a big hill, Manson village. He had never been over the new road but I'd find it he added.

Dover to Greenville is the prettiest ride in New England in my way of thinking. The pointed trees and green fields and broad expanse of woodland view, with ponds and rivers make it unsurpassed. The farms look prosperous and most of the farm buildings well kept. I saw one farmer digging potatoes with four horses. The potatoes were coming to the surface in windrows.

The car was left at the exchange garage at Greenville and Henry Bartley agreed to try my estate a little sooner than I had planned. I didn't return for four months. A. A. Crafts Co. at the Junction was supplied with handles and I parted with \$2.91 for three tickets to Sugar Island. Capt. Louie Mountain brought the box of the "Louie" to the Wharf at Greenleaf's Camps and for the second time this season I stepped ashore.

The changes on the Island are many from what they were three months ago.

The birds have gone and the leaves are falling. The gulls are here but are silent only the bluejays have the courage to speak and that not often. Fish are there but they too have gone. At least only one had been caught for some time past. It was taken in deep water trolling off Gull Island by Dr. D. R. Crounce of Passaic, N. J. and eaten before I got here.

Elgin reports a satisfactory business for the past season and some hunting parties to arrive in the near future. There are ducks and partridges in this vicinity. The farmers are more in evidence. There are plenty of deer signs. Their tracks are seen in the yard and on the shores.

The line storm is on while writing this or I'd not waste time in such fogfulness. There are miles of miles of lake shore to be inspected for Indian relics. Between showers and high winds I have brought in many curious things, that is the word, mostly wrought in rock. Walter discovered the most curious and probably valuable, an Indian corn crusher or mortar or something after that order. I have Molle Molasses foot and sole in rock backed up with a small stone in many curious shapes and other implements of an unknown age. The water is four feet lower than in June exposing a good deal of shore surface.

Twenty-five trout taken from Mountain Pond last Friday. I took no part in the slaughter. The doctor and John Bridge did it. I ate some of the fish however and they were good. I know just how it was done but the mileage was too much for me. Think of it! Four miles to Bear Creek, two miles through Prong Pond and two and three-fourths on up the mountain to the pond. Make it in a day and you come home tired and foot sore. I've been that foolish in the past but not now not at this season of the year at any rate.

I played guilty to the capture of two lakers whose combined dressed weight lacked an ounce of four pounds. That is fish enough to keep the camp going some time and too the doctor has succeeded in getting a square tail and a laker and dressed off two pounds and one ounce. Hence six pounds of fish will have to carry us through the line storm rainy spell which is now on and the end is not in sight.

You have a lot of articles, useful in themselves which you personally have use for no longer. Turn them into cash by putting an ad in the Intelligence column. It will do the work, try it.

CHILD ALMOST DEAD
GRANDMOTHER SAVES LIFE
Roxbury, Mass. A grandmother in Roxbury writes: "I put great faith in your medicine, and one of my children was dying. The doctor said she could not live until morning, and I ran out to the drug store and got a bottle of Dr. True's Elixir. I gave her the half of the bottle at once and at night I gave her the other half. I thought it either kill or cure for the doctor says she is dying anyway, but she did not die. She went to sleep the next morning and the next morning she passed two worms, red in color, six inches long. The doctor came to see if she was dead, but he ran out pretty quick as she was sitting in her chair eating a bowl of oatmeal and milk. That was twenty-four years ago, and now she has a baby girl of her own, seven months old, who is also using Dr. True's Elixir."

Constipation, headaches, tired feeling, weak spots before the eyes, bad breath, sleeplessness, irritability, dizziness, and many other signs of sickness, can be relieved, if you take the prescription known as Dr. True's Elixir. The Family Laxative and Worm Expeller. It has done much for sick people, men, women and children, ever since 1851—over 68 years' reputation.

"Take Dr. True's Elixir—give it to your children—The Family Laxative and Worm Expeller. At all dealers. Dr. J. F. True & Co., Auburn, Me."

Powerful Pile
Remedy Discovered
Has Never Failed to End Most Obstinate Case of Piles in Few Days

For years it has been proved that so-called external remedies applied to or inserted in the rectum cannot cure piles, and at the best can only give temporary relief. Surgical operations also do not remove this cause, but simply the formation.

This wonderful prescription, known as Miro Pile Remedy, is so efficient in the treatment of piles, that even chronic cases of from 20 to 30 years standing with profuse bleeding have been completely cured in from three to ten days. Think of it! Just a few doses of a carefully balanced prescription and the most persistent case of piles is absorbed, never to return.

All pharmacists dispense Miro or can get it for you on short notice. Surely it's worth the little trouble to obtain it to be rid of piles forever.

IMPORTANT—What is known as itching piles are not piles in the true sense of the word, although this word may accompany a true case of piles. For this condition Miro Pile Ointment has been prepared as in such cases it is not necessary to take the internal prescription.

4 Points of Economy

Point **THE** FORWARD Concerning Prices for Fall. On the threshold of the Fall Campaign thoughts begin to turn to the much talked of High Prices on clothing, because this is generally the time that most everybody thinks of buying their Winter clothing. Therefore think that it is nothing more than just that we say a word or two on the matter of prices.

IS TRUE

that Clothing will be much higher in price this Fall. Besides the high prices on all kinds of material. Labor alone has advanced 40 per cent. during the Summer; but you don't want to let that worry you, for we have much clothing on hand that we bought before the present high prices and therefore we will not make any advance in prices except on furnishings recently purchased, even then the advance will be so small that you will hardly know it.

BRYANT'S POND

All citizens of Woodstock who believe in boosting the town and who believe that a board of trade is needed here are requested to meet at V. I. S. hall next Saturday evening, Sept. 27.

Lloyd Hathaway left for Lewiston this week where he will enter the freshmen class at Bates College.

Elvira B. Whitman has been working for Alton Day this week.

Franklin Grange
Past master's night at Franklin Grange was held Sept. 20 with about sixty members present. Bro. James L. Bowker acted as master. The following program was carried out:

Music, Old Kentucky Home.
Reading, The Yellow Dog.
Song, encore, Reuben Haskin.
Reading, The Yellow Dog.
Remarks, Franklin Grange Quartet.
Mrs. Emily Felt, H. H. Oshman, Philip Andrews, assistant of high school, Dr. Willard and C. M. Wicks.

Mr. Wiske in his remarks said he had been coming to this town for over twenty years and during that time its population had not increased by even one and it seemed to him, as others that an organized effort should be made to make the old town grow and for this purpose a meeting is to be held next Saturday night at the V. I. S. hall to see about organizing a board of trade.

OXFORD

Alton Delano who has been at the sanatorium in Hebron for the past year, came to see his father and brother, Friday and returned Tuesday. He expects to be discharged soon. His wife, who is stopping with her mother in Paris, met him here. They will go to keep house as soon as he is discharged from the sanatorium.

Mr. Wright died early Sunday morning. He had been a great sufferer for a long time with heart disease. Besides his wife he leaves a son and two daughters and a step-daughter, Mrs. Locke of this place to mourn their loss.

Ernest Boynton's family of Oxford, but not of Melrose, Mass., was here Sunday. Mr. Boynton is a prominent railroad man.

Leon Walker and family of Portland visited his mother, Mrs. Fannie Walker, Sunday.

Mrs. Lovina Richmond is still very sick. She has a trained nurse.

Len Bowie has a trained nurse and his sister helps take care of him.

Allen Hill

Mrs. S. E. Cobb and daughter, Mrs. E. S. Bryce, were in Oxford Saturday and visited friends.

S. E. Cobb has been working for Alton Perkins.

Alton Perkins and son Cleon are working in the corn shop.

Mildred Poole went to state fair for one day.

Thomas Poole has had his oats thrashed. S. E. Cobb is working at the Robinson farm. Mr. Thomas is also working there.

Mrs. Mattie Ordway who has been sick, is able to be out again.

SOUTH ALBANY

Mrs. E. B. Hersey and granddaughter Louise and Mabel Hersey of North Waterford recently visited at Merritt Savin's.

Mr. and Mrs. Walter Canwell and children visited Mrs. Canwell's father, Pliny B. Henley, at Lovell last week, Sunday.

Mr. Henley's sister, Mrs. Melissa Hamilton of Portland, was also visiting there.

Mr. Hamilton, who has been in poor health for some years, is greatly improved at present. Mr. Henley is also some better than he has been for the past few months.

Ingalls McAllister and family, also Fred McAllister and family, have returned from Fryeburg where they have been at work in the corn shop. John McAllister is also back from the same place.

Lillian McAllister, who is at Norway at work in the shoe shop, visited at her home here, Sunday.

Mrs. Merton Kimball and children of South Waterford, who have been stopping with her father, Merritt Savin, for the past few weeks, returned to their home at South Waterford, Sunday. Mrs. Kimball is making a good recovery from her recent illness.

Mrs. Annie Knight of North Waterford visited her mother, Mrs. C. W. York, one day last week.

Frances McAllister and Verna Kimball have returned to their school at Norway.

Merton Holt of Hanover recently visited his mother, Herman Holt.

Helen and Richard Holt of Norway are stopping with their grandfather, Merritt Savin, and attending the Dresser school.

David McAllister, Jr., is working at Harry Brown's mill at North Waterford and boarding with his sister, Mrs. Herman Bennett.

Mr. and Mrs. L. E. McIntire and Mr. and Mrs. C. D. Pridie of East Waterford were Sunday guests at Merritt Savin's.

Arthur Bell of South Waterford was at Merritt Savin's last week, Tuesday, after a pig for Merton Kimball.

C. J. Eastman and son, Andrew Eastman of Litchville, were in this place on business, Saturday.

Picking and hauling corn to the McWain corn shop at East Waterford has been the business of the farmers here for the past two weeks. Almost all was picked before any frost had touched it. Something that very seldom happens as almost every year there is a slight frost earlier in the season than we had this year.

Apple buyers are starting their business now. There are numerous ways of buying. Some are buying the old way of buying and packing before they are picked and others are buying on the trees and packing them with their own men.

LOCKE'S MILLS

Mr. and Mrs. Lester Tebbets, Mr. and Mrs. Donald Tebbets of this place, Mr. and Mrs. E. L. Tebbets of Auburn are on an auto trip to Quebec.

Mr. and Mrs. Clifford McAllister are visiting his parents, Mr. and Mrs. Chas. McAllister at Albany.

Will Bean and Herman of Norway were calling on friends in town, Sunday.

Mr. and Mrs. Frank Reed attended State Fair, Friday.

Eleanor Jordan of Bryant's Pond visited friends here, Saturday.

Mr. and Mrs. L. E. Cole were in Bethel, Saturday.

MINISTER IN A TENT

Rev. Levi M. Powers, D. D., a native of the town of Newry, is reported as living under difficult conditions at Washington, D. C. He recently resigned the pastorate of the Universalist church at Gloucester, Mass., to accept a call to the Universalist Church of Our Father in Washington. He has written to friends in Gloucester, stating that he has been unable to secure a house in which to live and has petitioned the Commissioners of the District of Columbia for permission to pitch a tent at Rock Creek Park as a temporary parsonage until rents drop.

BRIDGTON HAS WAR BRIDE

Bridgton has a French war bride, the wife of Everett Leo Prescott, who enlisted from Skowhegan, although his mother, Mrs. Michael Sheehan, resides in Bridgton and this is the place he calls home. Mr. and Mrs. Prescott are now stopping in Bridgton and if he obtains satisfactory employment, they will remain here.

The little French girl was Marie Jantette Dutiel, her home being in St. Malo, France. She is 19 years of age, blonde and very pretty, and attracts much attention in town. She cannot speak English and has many difficulties in making herself understood and in understanding what others are trying to say to her.

While Corporal Prescott was overseas with Headquarters Co., 103d Infantry, 26th division, he became acquainted with Marie and on July 15, 1919, they were married in St. Malo, France.

RUMFORD MAN SENTENCED

John W. Carroll, 35, of Rumford, pleaded guilty on the closing day of the criminal court at Haverhill on June 19 on the charges of an attempt to murder and assault, with a dangerous weapon. It is alleged he shot Clarence H. Maddock in the chin, the bullet narrowly escaping the jugular vein. Following an argument over a Leviton woman, Carroll imbibed freely of intoxicating liquor with the result that he secured a rifle and shot Maddock, who was a neighbor.

Callus? "Gets-It" Will Peel It Off!

Nothing on Earth Like Simple "Gets-It" for Corns or Calluses.

A callus, or thickened skin on the sole of the foot, which often makes walking a misery is of the same nature as a corn. "Gets-It"

Use "Gets-It" and Dance, Even with Corns removes it as easily as it does the toughest corns. By using a few drops of "Gets-It" on the callus, you will be able to peel it off with your fingers in one complete piece just as you would a banana peel. It leaves the skin free and smooth as though you never had a callus. You need no more fussy plasters, sticky tapes, "packages" bandages, knives or scissors for corns or calluses. "Gets-It" is the national corn remover, the biggest on earth, used by millions. It never fails. You'll work, play and dance at ease in spite of corns. "Gets-It" is the only store guaranteed, money-back corn-remover, costs but a trifle at any drug store, sold by B. Lawrence & Co., Chicago, Ill. Sold in Norway and recommended as the world's best corn remedy by F. P. Stone.

STATE OF MAINE

To the Honorable, the Court of County Commissioners for the County of Oxford, next sitting at Paris on the 16th day of September, 1919.

Humbly shows Horace Day and others that a town way or private way in the town of Porter; beginning at a point on land of Preston B. and Nellie O. Warren, corner of land of Jacob French, on the northerly side of the highway leading from Kearsy Falls to Porter, across Horse Field, so-called, bordering to said Warrens, to the Mountain Pasture of Horace Day would be of great public convenience for the inhabitants of said town and proprietors of land of said town; that the selectmen of the town of Porter have unanimously neglected and refused to act upon a petition signed by Horace Day and others to lay out the way above specified.

WITBEFORE your petitioners pray that your honors will agreeably to law in such cases made and provided, lay out the way above described.

Dated at Porter, Maine, August 4th, A. D. 1919.

Signed by Horace Day and 55 others.

NATIVE OF PARIS

Mrs. Flora Barry, Noted Singer, is 83
 Years Old

Mrs. Flora E. Barry, opera singer and
 teacher, celebrated her 83d birthday on
 Thursday afternoon, Sept. 18, at her resi-
 dence 124 Chandler Street, Boston. From
 4 to 6 a program was given, including a
 group of songs by Mrs. Barry, accom-
 panied by George M. Taylor, pianist,
 with whom she had sung for 40 years
 when at the zenith of her success. Leon
 Harlow, nephew of Mrs. Barry, sang a
 duet with his distinguished aunt.

Mrs. Barry, who was born in the town
 of Paris in 1836, said her first appear-
 ance as a public singer was in "Pina-
 fore." From her earliest years she was
 a choir singer.

Mrs. Barry, who does not use glasses
 when reading or sewing, is enjoying good
 health and able to do a goodly share of
 her housework. "I am obliged to work
 19 hours out of the 24 some days owing
 to the scarcity of suitable help," she said.
 William the Conqueror. She said she has
 been a member of Trinity Church for 50
 years.
